

## Investment Strategy & Research

---

### **Clive Maguchu, CFA**

Clive is a Senior Strategist with State Street Global Advisors covering Australia. He is responsible for engaging with clients to interpret their objectives and design appropriate portfolio solutions. Clive and the APAC Investment Strategy and Research team conduct research on asset allocation trends, making recommendations on potential enhancements at the total portfolio, asset class or sub-portfolio level. Clive also works on customized research and analysis for clients.

Previously Clive was at QBE where he was most recently Manager of Investment Strategy. This involved translating research into strategic and tactical asset allocation recommendations for a global multi-currency investment portfolio. He began his time with QBE as an Actuarial Analyst, before being promoted to Investment Risk Analyst. Prior to QBE, Clive was a Research Consultant AquilaExec and a Superannuation Business Analyst at BT Financial Group.

Clive is a CFA Charterholder. He holds a Master of Actuarial Studies from the University of New South Wales and a BSc (Actuarial Science) from Curtin University.
